### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

As to claims 1-3 and 17-19, the prior art of record does not teach or render obvious the limitations recited in claims 1 and 17, when taken in the context of the claims as a whole, specific to a method to determine whether a task of a plurality of tasks in a multi-processor logically-partitioned computer system is allowed to use a service-enabled resource based on a data structure; wherein the service-enabled resource is disabled until a fee is paid, the service-enabled resource comprises a service processor in the computer system and the service processor manages system initial program load; the data structure including a plurality of task identifiers for the plurality of tasks and their respective service-enabled indicators which indicate whether the tasks are allowed to use the service-enabled resources; the multi-processor logically-partitioned computer system including a plurality of logical partitions, each of the logical partitions executes a different operating system; if the task is allowed to use the service-enabled resource, allocating the service-enabled resource to the task, the allocating comprises dispatching the task to the service processor and adding the service processor to a shared pool associated with a logical partition to which the task belongs, wherein the logical partition is one of the plurality of logical partitions; and if the first task is not allowed to use the service-enabled resource, allocating a non-service enabled resource to the first task, wherein no fee is required to use the non-service enabled resource.

Moreover, evidence for modifying the prior art teachings by one of ordinary skill level in the art was not uncovered so as to result in the invention as recited in claims 1 and 17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
